Myrtle Beach, SC

Reason for leaving - moved to PA

I have extensive knowledge of the local area driving for Door Dash for almost 3 yrs. Always holding Gold and Platinum status due to high ratings and quality customer service.

I also have extensive knowledge with the internal day to day business of brick and mortar retail establishments due to owning and running my own retail stores in the late 90's and early 2000's in South Carolina.

Am willing to help in store in-between running orders if hired.
