About Me

My name is Natalie Lopez. I am 14 years old. This would be my first official job. I think I would be an excellent crew member for working phones and in person orders. I am a very friendly and enthusiastic person who enjoys working with people. I speak loudly and clearly so there would be no confusion between me and customers. I am a very organized person so my station will stay clean. I am a hardworking person who will stay on task and get the job done. I see myself as a very efficient worker and a leader. I am one of Cali Schlegel's friends and she is an amazing kind person.
